

Programmera en ny fjärrkontroll

HOW TO CODE IN YOUR APERTO HANDSET

 <p>Remove the white cover (picture A)</p>	 
<p>Cover removed (picture B)</p>	 
<p>Take a small screwdriver – press then release the black button (picture C)</p> <p>A red light starts to shine (picture C star)</p>	 
<p>Take the Aperto handset press and hold the first button down (picture D) red light starts to flash</p> <p>Hold down the button on the handset until the red light stops flashing and goes out.</p> <p><i>The handset is programmed and ready to use</i></p>	 

På svenska: A) Dra den vita kåpan rakt bakåt. C) Tryck på knappen med en mejsel, släpp, lampa blinkar. D) Håll ned en tryckknapp på fjärrkontrollen tills lampan slocknar.

Upprepa om du vill programmera bägge knapparna på fjärrkontrollen.

Ny fjärrkontroll mm kan beställas från Garageportexperten **Tel. 08-10 13 15**
